COMPLAINT

DEMAND FOR JURY TRIAL

23
24
25 Plaintiff Meta Platforms, Inc. ("Meta"), formerly known as Facebook, Inc., alleges the
26 following:
27
28

INTRODUCTION

1
2 1. Beginning no later than September 2020 and continuing to at least September 2021,
3 Defendant Social Data Trading Ltd. operated an unlawful service designed to improperly collect or
4 “scrape” account profiles from various websites, including Instagram, YouTube, and TikTok.
5 Defendant claimed to have collected account profiles for more than 91 million Instagram users, 5.5
6 million TikTok users, and 3.9 million YouTube users. As to Instagram, Defendant used automated
7 Instagram accounts and a network of computers or “bots,” which pretended to be mobile Android
8 devices connected to the official Instagram app, to scrape publicly viewable profiles of Instagram
9 users, including the username, profile photo, number of followers, posts, and likes, and information
10 about their followers, including gender, language, and location. Defendant sold data scraped from
11 Instagram, YouTube, and TikTok as “demographics” and “insights” about “influencers and their
12 audiences.” Exhibit A.

13 2. Beginning no later than May 20, 2021, Plaintiff notified Defendant of its violations,
14 disabled its accounts, and revoked Defendant’s access to its service. Defendant then began using
15 a new business name to access and scrape profiles of Instagram users. Plaintiff brings this action
16 to stop Defendant’s violations of Instagram’s Terms of Use and the California Comprehensive
17 Computer Data Access and Fraud Act, California Penal Code § 502. Plaintiff also brings this action
18 for damages and disgorgement for breach of contract and unjust enrichment.

PARTIES

19
20 3. Plaintiff Meta is a Delaware corporation with its principal place of business in
21 Menlo Park, San Mateo County, California.

22 4. Defendant Social Data Trading Ltd. is a limited liability company registered in Hong
23 Kong, China. Exhibit B. According to its website socialdata.hk, which Defendant used between
24 September 2020 and May 20, 2021, Defendant sold “in-depth insights into the demographics and
25 psychographics of influencers and their audiences” derived from social media platforms, including
26 Instagram, YouTube, and TikTok. Exhibits A, C. On April 15, 2021, as part of its enforcement
27 efforts, Meta blocked internet traffic from Instagram and Facebook to the socialdata.hk website.
28

1 Approximately a month later, on May 17, 2021, Defendant anonymously registered the replacement
2 website IQdata.social and used it to sell account profiles scraped from Instagram.

3 5. According to corporate records, Alexei Poliakov and Adhar Singh are the principals
4 of Defendant, manage its business and operations, and reside in Russia.

5 6. According to his LinkedIn profile, Poliakov was previously employed by at least
6 one other company (“Deep.Social”) that Meta previously enforced against for scraping Instagram
7 in 2018. Deep.Social purportedly ceased operations in August of 2018 and by August 2019,
8 Defendant was registered as “Social Data Trading Ltd.” in Hong Kong, China. Also in 2019 and
9 2020, Poliakov retained nominee directors for Social Data Trading Ltd., namely, Carol Joubert
10 (from August 20, 2019 to March 20, 2020), and Mariska Supra (March 20, 2020 to the present) (the
11 “Nominee Directors”) to act at his direction. Exhibits D, E, F. The Nominee Directors retained for
12 Defendant in 2019 and 2020 were directors of Social Data Trading Ltd. in name only and were not
13 involved in the company’s day to day activities.

14 7. According to his LinkedIn profile, Singh was also previously employed at
15 Deep.Social until 2019.

16 8. On information and belief, Poliakov and Singh were also associated with a third
17 company (“Social Data Ltd.”) that Meta has also previously enforced against for scraping Facebook
18 and Instagram. Social Data Ltd. purportedly ceased operations in 2020.

19 **JURISDICTION AND VENUE**

20 9. The Court has jurisdiction under 28 U.S.C. § 1332 over all causes of action alleged
21 in this complaint because complete diversity exists and the amount in controversy exceeds \$75,000.

22 10. The Court has personal jurisdiction over Defendant because Defendant created and
23 used multiple Instagram accounts thereby agreeing to Instagram’s Terms of Use, and submitting to
24 the personal jurisdiction of this Court for litigating this matter.

25 11. In addition, the Court has personal jurisdiction because Defendant purposefully
26 directed its conduct at California and at Plaintiff, which has its principal place of business in
27 California. Defendant’s business depends on accessing and scraping Instagram. Since at least
28

1 September 2020, Defendant has transacted business and engaged in commerce in California by,
2 among other things, purposefully scraping the Instagram accounts of approximately 250,000
3 California users. Plaintiff's claims arise directly from all of these California contacts.

4 12. Venue is proper in this judicial district pursuant to 28 U.S.C. § 1391(b) as the
5 threatened and actual harm to the Plaintiff occurred in this district.

6 13. Pursuant to Civil L.R. 3-2(c), this case may be assigned to either the San Francisco
7 or Oakland division because Meta is located in San Mateo County.

8 **FACTUAL ALLEGATIONS**

9 **A. Background on Meta and the Facebook and Instagram Platforms**

10 14. Meta operates Facebook, a social networking website and mobile application that
11 enables its users to create their own personal profiles and connect with each other on their personal
12 computers and mobile devices.

13 15. Meta also operates Instagram, a photo and video sharing service, website and mobile
14 application, and social network. Instagram users can post photos and videos to their profile. They
15 can also view, comment on, and like posts shared by others on Instagram. The Instagram service
16 is a Meta product.

17 16. When an Instagram user posts a photo, other Instagram users can view the photo
18 and choose to "like" or "comment" on it. Depending on the users' privacy settings, only approved
19 followers of an account may see certain users' posts or the users' posts may be viewable by all
20 Instagram users. Users can change their privacy settings at any time.

21 17. Instagram users can tag their photos with hashtags—words or phrases preceded by
22 a number or hash sign (#)—that indicate that the post is about a specific topic. Other users can then
23 search for hashtags to find content related to various topics.

24 18. Instagram users can gain followers, views, and likes, but only from other registered
25 Instagram users. To create and use an Instagram account, users must enter a valid email address or
26 phone number, which requires a confirmation code, and must register a unique username and
27 password.

19. Instagram can be viewed using the Instagram mobile application (“Official IG App”) or at the website www.instagram.com. The Official IG App is a mobile application designed by Meta that users can download onto their mobile device. Communications made by authenticated Instagram users, using the Official IG App, are sent to Meta computers, which then return information to allow a user to experience the Instagram service on the Official IG App.

B. Instagram’s Terms of Use

20. Everyone who creates and uses an Instagram account agrees to Instagram’s Terms of Use (“Instagram’s Terms”) (available at <https://help.instagram.com/581066165581870>) and other policies that govern access to and use of Instagram. Because Instagram is a Facebook (now Meta) product, the Instagram Terms of Use constitute an agreement between Instagram users and Meta. *Id.*; see also “Facebook Products,” available at <https://www.facebook.com/help/1561485474074139?ref=igtos>.

21. Since at least April 2018, Instagram’s Terms prohibit users from (a) “do[ing] anything unlawful, misleading, or fraudulent or for an illegal or unauthorized purpose;” (b) “creating accounts or collecting information in an automated way;” (c) using Instagram if Meta “previously disabled your account for violation of law or any of [Instagram’s] policies;” and (d) “help[ing] or encourag[ing] others to violate” Instagram’s Terms and policies.

C. Defendant Agreed to Instagram’s Terms

22. At all times relevant to this case, Defendant was bound by Instagram’s Terms.

23. Defendant’s principal Adhar Singh created and used several Instagram accounts, including on December 14, 2012; March 26, 2017; November 3, 2018; January 30, 2019; March 30, 2019; and May 15, 2021. Defendant’s principal Alexei Poliakov also created and used several Instagram accounts, including on September 5, 2013; October 14, 2016; July 11, 2017; January 12, 2018; April 24, 2018; and January 18, 2019. In addition, between September 2020 and at least September 2021, Defendant used thousands of automated Instagram accounts to scrape data from Instagram.

1 **D. Background on Scraping**

2 24. Scraping is a form of data collection that relies on unauthorized automation for the
3 purpose of extracting data from a website or app. Defendant's own Terms of Service define
4 scraping as: "obtaining information contained on websites through automated means. Same
5 information may be obtained manually, but through automation, the speed and amount of obtained
6 data is incomparably bigger." Exhibit G.

7 25. Meta employs a number of measures to detect and disrupt certain types of abuse of
8 the Instagram service. For example, Meta monitors for the creation of automated accounts
9 purporting to be individual users. Additionally, Meta monitors for and disables accounts engaged
10 in unauthorized automated collection of data.

11 **E. Defendant's Scraping Operation**

12 26. From at least September 2020 until no later than May 25, 2021, Defendant used the
13 website socialdata.hk to "offer a web scraping service." Exhibit G. Defendant offered its customers
14 information scraped from Instagram users' profiles, such as verified badge status, follower count,
15 post count, number of likes, and number of comments, as well as information about certain users'
16 followers. Exhibits A, H.

17 27. In order to scrape Instagram, Defendant used automation software (the "Scraping
18 Software") and thousands of automated Instagram accounts to improperly collect and aggregate
19 data. Defendant scraped data from restricted Meta computers that are only accessible to authorized
20 and logged in Instagram users. Defendant programmed the Scraping Software to mimic authorized
21 users of the Official IG App. In fact, Defendant was not an authorized user and instead a network
22 of computers operating virtual mobile devices for the purpose of making unauthorized automated
23 requests for user data from Meta computers. The Scraping Software was not able to circumvent
24 users' privacy settings and unable to scrape data that was not otherwise viewable to a user's
25 followers.

26 28. Between September 2020 and at least September 2021, Defendant used thousands
27 of automated Instagram accounts to scrape data from Meta computers. In many instances, Meta
28

1 detected and disabled the accounts. Specifically, between September 2020 and September 2021,
2 Meta disabled thousands of automated Instagram accounts associated with Defendant.

3 29. Defendant's Scraping Software scraped information about Instagram users,
4 including the user's Instagram username, number of followers, posts, comments, and whether or
5 not the account was confirmed to belong to a public figure, celebrity or brand, and was programmed
6 to transmit it to Defendant's servers.

7 30. Since at least September 2020, Defendant has used websites socialdata.hk or
8 IQdata.social to sell various types of data scraped from Instagram, YouTube, and TikTok, including
9 a product called "Audience Data." This was compiled data scraped from the followers of Instagram
10 users with large followings ("Influencers"). Defendant advertised that they had scraped data from
11 76M Instagram influencers' followers, including their gender, ethnicity, language, country and city
12 locations, interests, and brand affinities. Exhibits A, I.

13 31. For example, customers who purchased Defendant's "Audience Data" product
14 entered the username of an Instagram user about whom they sought data into the search bar of
15 socialdata.hk. Exhibit I. Defendant then generated a report with information scraped from that
16 account, including, for example, the user's Instagram username, number of followers, number of
17 posts, number of comments, and the verified status of the account, which shows whether Instagram
18 has confirmed that an account is the authentic presence of the individual or brand it represents.
19 *E.g.*, Exhibit J. In addition, Defendant's report included information about the user's followers,
20 including, for example, the followers' age, gender, and location. *Id.*

21 **F. Meta's Past Enforcement Actions against Defendant**

22 32. Since September 2020, Meta has taken multiple enforcement actions against
23 Defendant for violating Instagram's Terms and disabled thousands of automated Instagram
24 accounts associated with Defendant.

25 33. On or about April 15, 2021, after Meta detected scraping activity associated with
26 Defendant's domain socialdata.hk, Meta blocked the domain socialdata.hk from the Facebook and
27 Instagram platforms. On or about May 17, 2021, Defendant used a proxy service to anonymously
28

1 register the domain IQdata.social and began using the website IQdata.social to sell data scraped
 2 from Instagram. Exhibits K, L. Approximately one week later, Defendant stopped using the
 3 website socialdata.hk.

4 34. On or about May 20, 2021, Meta sent Defendant a cease and desist letter, notifying
 5 Defendant of its violations of Instagram's Terms, demanding that Defendant stop these violations,
 6 and revoking its access to Instagram. Meta also requested Defendant delete all data scraped from
 7 Facebook and Instagram. Exhibit M.

8 35. On or about May 22, 2021, Singh responded on behalf of Defendant, acknowledged
 9 scraping data from Instagram "with the use of technology," and stated it was a "fundamental right."
 10 Exhibit N. Despite Meta's technical enforcement and cease and desist letter, as of September 13,
 11 2021, Defendant continues to scrape Instagram user profiles.

12 **G. Defendant Unjustly Enriched Itself and Harmed Meta**

13 36. Defendant's violations of Instagram's Terms harmed Meta. Defendant interfered
 14 and continues to interfere with Meta's products, including Instagram.

15 37. Defendant's unauthorized use of Meta's computers, computer system, and computer
 16 network has damaged Meta, including but not limited to the time and money spent investigating
 17 and mitigating Defendant's unlawful conduct, in an amount to be determined at trial, and in excess
 18 of \$75,000.

19 38. Since at least September 2020, Defendant has unjustly enriched itself at Meta's
 20 expense in an amount to be determined at trial. Meta is entitled to an accounting by Defendant and
 21 a disgorgement of all unlawful profits gained from its conduct.

22 **FIRST CAUSE OF ACTION**

23 (Breach of Contract)

24 39. Meta realleges and incorporates all preceding paragraphs here.

25 40. In order to create an account, an Instagram user must agree to abide by Instagram's
 26 Terms.

1 41. Since January 2019, Defendant created and used multiple Instagram accounts and
2 agreed to Instagram's Terms. Defendant agreed to Instagram's Terms no later than January 30,
3 2019.

4 42. In addition, since September 2020, Defendant has used thousands of Instagram
5 accounts to scrape Instagram.

6 43. Defendant breached the Terms by using unauthorized automated means to access
7 Instagram and collect data from Meta computers without permission, including after Meta revoked
8 Defendant's access to its platform.

9 44. Meta has performed all conditions, covenants, and promises required of it in
10 accordance with Instagram's Terms.

11 45. Defendant's breaches have caused Meta to incur damages in an amount to be
12 determined at trial, and in excess of \$75,000.

13 **SECOND CAUSE OF ACTION**

14 (California Penal Code § 502)

15 46. Meta realleges and incorporates all preceding paragraphs here.

16 47. Defendant's access and use of Meta's computers, computer systems, and computer
17 network was without permission because Defendant accessed Meta's computer network after Meta
18 disabled its Instagram accounts, blocked the domain socialdata.hk, and sent correspondence to
19 Defendant revoking its access. On or about May 20, 2021, Meta sent Defendant a cease and desist
20 letter revoking Defendant's permission to access Facebook and Instagram. Meta also took technical
21 measures to revoke Defendant's access that barred Defendant's accounts and ability to access the
22 Instagram platform beginning no later than April 15, 2021. Nevertheless, Defendant subsequently
23 accessed Meta's protected computers when it created and used new accounts in order to continue
24 scraping data from Instagram, without Meta's permission.

25 48. Beginning no later than June 2021, Defendant, without permission, knowingly
26 accessed and otherwise used Meta's computers, computer system, and computer network in order
27
28

1 to (a) devise or execute any scheme or artifice to defraud and deceive, and (b) to wrongfully obtain
2 money, property, or data, in violation of California Penal Code § 502(c)(1).

3 49. Beginning no later than June 2021, Defendant, without permission, knowingly
4 accessed and took, copied, and made use of data from Meta's computers, computer system, and
5 computer network in violation of California Penal Code § 502(c)(2).

6 50. Beginning no later than June 2021, Defendant knowingly and without permission
7 used or caused to be used Meta's computer services in violation of California Penal Code
8 § 502(c)(3).

9 51. Since June 2021, Defendant knowingly and without permission accessed and caused
10 to be accessed Meta's computers, computer systems, and/or computer networks in violation of
11 California Penal Code § 502(c)(7). Defendant accessed Meta's computer network after Meta
12 disabled its Instagram accounts, blocked its domain, and sent correspondence to Defendant
13 revoking its access.

14 52. Because Meta suffered damages and losses as a result of Defendant's actions and
15 continues to suffer damages and losses as a result of Defendant's actions, Meta is entitled to
16 compensatory damages in an amount to be determined at trial, attorney fees, any other amount of
17 damages proven at trial, and injunctive relief under California Penal Code § 502(e)(1) and (2).

18 53. Because Defendant willfully violated California Penal Code § 502, and there is clear
19 and convincing evidence that Defendant committed "fraud" as defined by section 3294 of the Civil
20 Code, Meta is entitled to punitive and exemplary damages under California Penal Code § 502(e)(4).

21 **THIRD CAUSE OF ACTION**

22 (Unjust Enrichment)

23 54. Plaintiff realleges and incorporates all preceding paragraphs here.

24 55. Defendant's acts as alleged herein constitute unjust enrichment of Defendant at
25 Meta's expense.

26 56. Defendant accessed and used, without authorization or permission, Meta's
27 computers, computer system, and computer network, all of which belong to Meta.
28

1 57. Defendant used Meta's service, platform, and computer network to, among other
2 things, scrape data from Instagram.

3 58. Defendant received a benefit by profiting off of its unauthorized use of Meta's
4 computers, computer system, and computer network. But for Defendant's wrongful, unauthorized,
5 and intentional use of Instagram, they would not have obtained such profits.

6 59. Defendant's retention of the profits derived from its unauthorized use of Meta's
7 computers, computer system, and computer network would be unjust.

8 60. Defendant's unauthorized use of Meta's computers, computer system, and computer
9 network has damaged Meta, including but not limited to the time and money spent investigating
10 and mitigating Defendant's unlawful conduct.

11 61. Meta seeks an accounting and disgorgement of Defendant's ill-gotten profits in an
12 amount to be determined at trial.

13 **REQUEST FOR RELIEF**

14 **WHEREFORE**, Plaintiff requests judgment against Defendant as follows:

- 15 1. That the Court enter judgment against Defendant that Defendant has:
 - 16 a. Breached its contract with Plaintiff in violation of California law;
 - 17 b. Violated the California Comprehensive Computer Data Access and Fraud
18 Act, in violation of California Penal Code § 502;
 - 19 c. Been unjustly enriched at the expense of Meta in violation of California law.
- 20 2. That the Court enter a permanent injunction enjoining and restraining Defendant
21 and his agents, servants, employees, successors, and assigns, and all other persons acting in concert
22 with or conspiracy with it or affiliated with Defendant from:
 - 23 a. Accessing or attempting to access Meta's platforms, including Facebook and
24 Instagram, and Meta's computer systems;
 - 25 b. Developing, offering, and marketing software or computer code intended to
26 automate the collection of data or circumvent Meta's enforcement measures;
 - 27

- c. Engaging in any activity that disrupts, diminishes the quality of, interferes with the performance of, or impairs the functionality of Meta's platforms, including Facebook and Instagram, and Meta's computer systems;
- d. Engaging in any activity, or facilitating others to do the same, that violates Instagram's Terms of Use and related policies;
- e. Restraining Defendant from selling or distributing data of any kind obtained or purportedly obtained from Meta or its products, including Facebook and Instagram.

3. That Plaintiff be awarded damages in such amounts to be proven at trial.

4. That Plaintiff be awarded pre- and post-judgment interest as allowed by law.

5. That the Court grant all such other and further relief as the Court may deem just and

proper.

14. INDEMNIFICATION AND LIMITATION OF LIABILITY

- 14.1. **Indemnity.** Each party will defend, indemnify and hold the other party and its affiliates, employees, officers and agents harmless from and against all claims, damages, liabilities, losses, expenses and costs (including reasonable fees and expenses of attorneys and other professionals) arising out of or resulting from:
- 14.1.1. any allegation or action by a third party arising from or related to the Services or their use, or the other party's receipt, possession, reproduction, use or sale thereof, infringes, misappropriates or violates such third party's intellectual property rights;
 - 14.1.2. any allegation or action that would, if proven, constitute an inaccuracy, untruthfulness, or breach of any representation or warranty made by either party under this Agreement;
 - 14.1.3. any allegation or action by a third party that is based on a claim that an act or omission of the either party resulted in: (i) personal injury (or death) or tangible or intangible property damage (including loss of use); or (ii) the violation of any statute, ordinance, regulation or other law.
- 14.2. Collectively, the matters arising under subsections (a) to (c) are each a "Claim".
- 14.3. **Indemnification Procedures.** As a condition to a party's obligation to indemnify the other party under this Agreement, the indemnified party will: (i) provide the indemnifying party with prompt written notice of any Claim that would give rise to liability of the indemnifying party under this Agreement, provided that failure to give timely notice will not relieve the indemnifying of its obligations to the extent that such failure does not materially prejudice the indemnifying party's ability to defend or settle such Claim; (ii) tender sole control of the defense and settlement of such Claim to the indemnifying party, provided that the indemnifying party will not settle any such Claim without the written consent of the indemnified party; (iii) provide the indemnifying party, at the indemnifying party's expense, with such assistance as the indemnifying party may reasonably request; and (iv) not disclose the terms of any settlement unless required to do so by judicial or other government order, and will not publicize, or permit any third party to publicize, any settlement without the indemnifying party's prior written consent. Further, the indemnified party may participate in the defense or settlement of a Claim with its own counsel at its expense.
- 14.4. **Limitation of Liability.** Except for parties' indemnification obligations in this Agreement and for breach of confidentiality, in no event will either party or an airline be liable for any special, indirect,

incidental or consequential damages or for any damages resulting from loss of use, data or profits, whether in contract, tort, strict liability or otherwise, even if such party has been advised of the possibility of such damages. In no event will either party's liability to the other party for damages in connection with this Agreement, whether in contract, tort or otherwise, exceed, in the aggregate, the amount of fees paid by Customer to Social Data during the 12 months prior to initiation of a claim under dispute resolution section herein.

Except for the right of either Party to apply to a court of competent jurisdiction for a temporary restraining order, a preliminary injunction, or other equitable relief to preserve the status quo or prevent irreparable harm, in the event of any other controversy or claim arising out of or relating to this Agreement, or a breach thereof, the parties hereto agree first to try and settle the dispute by mediation, administered by the International Centre for Dispute Resolution under its Mediation Rules. If settlement is not reached within 60 days after service of a written demand for mediation, any unresolved controversy or claim arising out of or relating to this contract shall be settled by arbitration in accordance with the International Arbitration Rules of the International Centre for Dispute Resolution.

15.1.1. The number of arbitrators shall be one;

15.1.2. The place of arbitration shall be New York, NY, USA;

15.1.3. The language of the arbitration shall be English.

The Parties agree that all arbitration proceedings conducted pursuant to this Section shall be kept strictly confidential, and all information disclosed in the course of such arbitration proceedings shall be used solely for the purpose of those proceedings. Judgment upon the award rendered by the arbitrator may be entered in any court of competent jurisdiction.

If any provision of this Agreement is held invalid or unenforceable by a court of competent jurisdiction, the remaining provisions of this Agreement will remain in full force and effect, and the provision affected shall be deemed modified to the extent necessary to allow enforceability of the provision as so limited. If a deemed modification is not satisfactory to make the provision enforceable, then the unenforceable provision shall be deemed deleted, and the validity and enforceability of the remaining provisions shall not be affected thereby.

- 16.3. **Entire Agreement.** This Agreement sets forth the entire agreement and understanding of the parties relating to the subject matter herein and supersedes all prior or contemporaneous discussions, understandings and agreements, whether oral or written, between them relating to the subject matter hereof.
- 16.4. **Amendments and Waivers.** No modification of or amendment to this Agreement, nor any waiver of any rights under this Agreement, shall be effective unless in writing signed by the parties to this Agreement. No online terms or terms associated with any invoice, purchase order, or other document all modify this Agreement.
- 16.5. Except as otherwise provided in this Agreement, this Agreement, and the rights and obligations of the parties hereunder, will be binding upon and inure to the benefit of their respective successors, assigns, heirs, executors, administrators and legal representatives. Social Data may assign any of its rights and obligations under this Agreement. Pursuant to the terms of service and privacy policy at socialdata.hk, Social Data Trading Ltd. provides the services at socialdata.hk. Facebook is aware that you previously operated under the name Social Data Ltd., and it revoked your license to access Facebook and Instagram permanently in April 2021. Your current activities constitute unauthorized access to Facebook and Instagram systems.

Facebook demands that you stop your activities immediately.

Facebook takes the protection of the user experience very seriously, and it is committed to keeping its products safe for users to interact and share information. Facebook has developed terms and policies to protect the user experience and facilitate these goals.

Facebook's and Instagram's terms prohibit, among other things:

- Accessing and/or collecting users' content or information through automated means without Facebook's prior express written permission;

Facebook has taken technical steps to deactivate your Facebook and Instagram accounts, and hereby revokes Ms. Supra, Mr. Poliakov, Mr. Singh, and Social Data Trading Ltd.'s limited licenses to access Facebook and Instagram, along with the limited licenses of their affiliates and subsidiaries. **This means that you, your agents, employees, affiliates, or anyone acting on**

Please respond to me WITHIN 48 hours confirming that You:

- Have stopped and will not in the future access the Facebook and Instagram websites and/or use Facebook’s and Instagram’s services for any reason whatsoever;

- Will account for and disgorge any and all revenue earned from Your unauthorized activities related to Facebook or Instagram;
- Have secured all Facebook or Instagram data under Your control and ensured it is no longer accessible;
- Will, following the accounting required below, delete all data obtained from Facebook or Instagram; and
- Will enter into a written agreement memorializing Your commitment to compliance with the demands in this letter.

Along with Your response, You must provide the following information:

Dear Mr. Singh:

Thank you for your response. Your letter concedes that you have been collecting data through your provision of the services through these entities.

As requested in Facebook's letter, please provide responses to our inquiries regarding your use, collection, and scraping of Facebook and Instagram user data. Specifically, please provide a complete list of the following:

- Each and every product or service you created, offer, or provide that offers insights or analytics about Instagram users or uses in any way on data obtained from Facebook or Instagram;
- A complete accounting of all compensation or revenue received by you in connection with those products or services;
- A complete accounting of all Facebook or Instagram data that you obtained from Facebook or Instagram or from third parties, including a description of the data and the source from which it was obtained;
- A detailed description of the methods you used to obtain data from Facebook, Instagram, or any of its affiliate companies;
- Identification of all third-parties from whom you procure data from Facebook or Instagram, or about Facebook or Instagram users;
- A copy of each and every version of any software code you have developed or used to collect data from the Facebook or Instagram websites and/or services, including any libraries, frameworks, or other code, and the source for that code;
- An identification of each person or entity that has developed the code used to collect data from Facebook or Instagram;
- An identification of each individual or entity who owns any portion of or exercises any control over Social Data Ltd., Social Data Trading Ltd., Zavarus Ltd., AdQuantum Ltd., or any other corporate entities that have been used to provide the violating services;
- An identification of the individuals and entities you have worked with to provide nominee director services for Social Data Ltd., Social Data Trading Ltd., Zavarus Ltd., or any of the Quantum companies or their predecessor, successor, or affiliate entities; and
- A description of your role, work, and affiliation with the AdQuantum Ltd., AppQuantum Publishing Ltd., PlayQuantum Ltd., AppDaddy, Fitingo, ECPI, family of companies, and any individuals associated with these entities.

Until you have accounted for all of this information and provided it to me, please do not delete or destroy any of the requested data or records.

Apart from this, Facebook disagrees with your argument that *hiQ Labs, Inc. v. LinkedIn* stands for the

proposition that the services you offered do not violate the law; we invite you to provide the basis for your position.

In view of Facebook's cease and desist letter, your license to access the platform remains revoked. We look forward to your prompt response.

Hello,

Thank you for reaching out.

As per my knowledge, the service that we provided was fully compliant with the relevant legislation and dealt solely with analysing publicly available data. As you may know, in light of the decision in hiQ Labs, Inc. v. LinkedIn Corp, such an activity is not in breach of the laws alleged in your letter (or any laws, for that matter).

Accessing and analysing publicly available information is a fundamental right, whether done by hand on paper or through the assistance of technology.

It would be inappropriate to get involved in any further discussions until you have provided evidence that led you to make such unsubstantiated allegations. It is not Social Data that has to prove its innocence but the party putting forward an allegation that must provide the basis for its allegations.

Kind regards.
